

**Together, we save babies every day.**

We wanted to share with you the incredible accomplishments that happened in our 2023-2024 fiscal year. We could never have done this without your help. Your generosity and commitment to meet the most urgent needs where care is least available is why *Saving Moses* continues to grow and expand. Thank you.

You are such a vital part in making it possible to save babies and toddlers every day in three powerful ways:

- Keeping NightCare Centers open and available for vulnerable little ones of sex workers.
- Providing lifesaving, therapeutic milk for severely malnourished babies and toddlers.

- Sharing invaluable BirthAid education and support with mothers-to-be, families and communities in remote and high-conflict areas of Sub-Saharan Africa.

As you look over the numbers on the other side of this report, remember every number represents a baby, a toddler, a mother or a community that you helped.

**Thank You.**

# Saving Moses Fiscal Year June 2023 through May 2024

(Data includes July 2023 through June 2024 due to the structuring of the calendar year quarters)

 <b>NightCare Metrics</b>					
Country	Total Visits	Average Attendance	New Babies and Toddlers Admitted	Babies and Toddlers Withdrawn	Total Babies and Toddlers
